

ACROBAT™ 355/400 QUICKFIT®

TECHNICAL SPECIFICATION:

Size range: 355mm and 400mm (14" and 16")

Piping & Materials: [See Welding Selection Chart](#)

Shipping dimensions: 58" x 48" x 45"

Shipping Weight: 565 lbs.

NOTE: McElroy QuickFit® Core Package required for each of the size-specific QuickFit® tools

FEATURES:

- Modular, lightweight carriage and facer assemble around the pipe for optimal close-quarter fusion
- No tools required for assembly or conversion to 3- or 4-jaw unit
- Jaws fit 355 or 400mm pipe - no inserts necessary
- Facer blade orientation allows shavings to fall inside or outside of the pipe
- Stackable shipping container designed to store all machine components

OPTIONS:

- Machine includes 355mm and 400mm jaws, heater, and facer blade holders
- Use of the DataLogger® with the Acrobat™ series of tools will record the weld process from start to finish

ABOUT THE ACROBAT™ 355/400:

Acrobat™ machines that feature the QuickFit® carriage are size-specific and are composed of lightweight, modular components so that the upper and lower jaws can be assembled around the pipe by hand. This eliminates the difficulty of lifting and fitting an entire carriage into a small space. It will fuse pipe in any orientation that is required on plumbing, mechanical, and HVAC installations, including vertical and overhead. The Acrobat™ 355/400 size range is 355mm and 400mm (14" and 16" nominal).

QUICKFIT® 355/400 PACKAGE:

Size 355mm and 400mm (14" and 16" nominal). QuickFit® 355/400 package includes:

- 355mm tool clamps
- 400mm tool clamps
- 355/400 planer (facer) blade assembly
- 355/400 heater
- Instruction manual
